

INDUSTRY FORUM TOUR OF AFH SOUTH
August 28, 2002
(Second Site)

TRIPLER ARMY MEDICAL CENTER (TAMC):

- 1 We are entering the Tripler Army Medical Center. Tripler was originally built at Fort Shafter in 1907. Because of WWII it was decided to build a larger hospital in 1944. Tripler Hospital was relocated to its present site in 1948. AFH was constructed in three phases and is known as the RAINBOW VILLAGE neighborhood.

M&R History: Kitchen and Bathroom Renovations for all 216 DU, and exterior sewer line repairs were completed in 1997.
- 2 (Jarrett White Road),
1948 construction, 2 buildings with 8 units each are of row-type, two-story, 3-BR units. Construction is of concrete slab-on-grade, concrete masonry block walls with plaster exterior finish, wood truss roof w/ brick roof tiles. These 16 JNCO DUs are eligible for the National Historic Register.
- 3 1959 construction, consists of two-story middle units with one-story end units. Construction is of concrete slab-on-grade, concrete masonry block walls, wood roof truss roofs. Total of 150 DUs for JNCO and CGO.
- 6 1973 construction, consists of 9 one-story duplex, one two-story duplex, and 3 one-story fourplex buildings. Construction is of concrete slab-on-grade, combination concrete masonry block and wood-frame single wall of plywood panels and wood-framed roof with asphalt shingles. Total of 50 DUs for JNCO.

TOTAL 216 DU (40 acres)
